

AMERICAN ART CLAY CO., INC.

ALL AMACO CLAY BODIES ARE FREE OF NEW YORK STATE TALC

AMACO® (American Art Clay Co., Inc.) has been an industry leader in classroom safety since incorporation in 1922. All improvements made in the performance of AMACO® clay bodies are guided by a firm commitment toward PRODUCT SAFETY. **AMACO® moist clays have been made without New York state talc since 1979.** Presently, all 23 AMACO® moist, dry, liquid and air dry clays are New York state talc-free to maximize classroom and studio safety. Of these, 20 are completely talc-free and the remaining three contain ACMI approved Texas talc.

AMACO® is a founding member of the Art & Craft Materials Institute and a pioneer in industry standards for safe labeling (AP non-toxic) and manufacturing of lead-free glazes. In addition, AMACO® was first to remove New York talc- from clay formulations. AMACO® manufactures 600 lead-free glazes, underglazes and overglazes; glaze results are guaranteed when used in conjunction with compatible AMACO® clay bodies.

Technical support for product safety and product use is available for all teachers, administrators and artists, Monday through Friday 8 to 5 PM EST, 800.374.1600
